DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 4/1/2009 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement has been considered by the examiner.

Allowable Subject Matter

Claims 2-10, 12-14, 17-19, 22-23 and 29-31 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to anticipate or rendered obvious the combined elements/steps of *"a scheduling system provides control signal including **data identifying each broadcast program and its duration**"* in conjunction with *"generating commands to selectively schedule, start, stop, **and** cancel interactive application associated with the broadcast programs using the **identification data and the duration data from the control signals**"* as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The Examiner notes that the Menand and Kalluri references of record teach controlling the display of an interactive application during the display of a television

program, but fails to teach a scheduling system that provides control signals that include data that identifies each broadcast program and its duration. The Examiner further notes that Menand and Kalluri fail to teach using the duration data to generate commands to schedule, start, stop and cancel interactive applications associated with the broadcast programs.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason P. Salce whose telephone number is (571) 272-7301. The examiner can normally be reached on M-F 9am-6pm.
